Description

This is a pristine Blue Water Cruiser. She has been built to the high standards that can been seen and felt as soon as you step on board. Frers design and built in the bespoke CNB yard of Beneteau, her design and finishes are immaculate and she has everything and more that you could possibly want as a great offshore cruiser.

Katmai sailed from Alaska to Perth, WA where she underwent a no expense spared major refit. The attention to detail has to be seen to be fully appreciated. She's in first class condition and has a significant money spent on her. There's absolutely nothing to do. She's ready to set sail for your next adventure.

The inventory of sails, equipment and spares is extraordinary. You'll be hard pressed to find anything else you need on board.

Please call the team at Sydney Marine Brokerage to organise a viewing.

We look forward to welcoming you on board and know you will fall in love with this amazing yacht.

Features
