Description

Luxury Cruising, Style and Performance are just a few words that pop in to mind when you see this stunning Majesty 61.

'Kayoss' was built in 2007 by the world renowned Gulf Craft Yachts in the UAE. She presents beautifully and has all the bells and whistles one would expect from such a luxurious vessel. Stepping on board via the swim platform you go up a few steps and are greeted by the fabulous sized cockpit with alfresco dining area with built in lounge and dining table. Large reflective Glass Doors are the entrance into the saloon area which offers well appointed lounges, a beautifully crafted timber coffee table, TV, air conditioning/heating, and Bose surround sound music. This saloon area flows on up to the Galley which is situated on the starboard side and has everything you need for entertaining, including, convection microwave, 3 burner hob, Refrigerator/Freezer, a good sized preparation area and plenty of storage. Across from the galley is a beautifully crafted timber bar area with plenty of storage and an ice maker. Forward of the bar is a dining area next to the helm station with superior comfortable seating and another beautifully crafted fold out timber dining table. Electric opening windows are up in this area on either side to create a nice flow through breeze. The helm station is fully equipped with Raymarine Electronics including 10.4" colour LCD Display with Radar/Chartplotter/Fishfinder. A Raymarine DSC VHF Radiotelephone and a Raymarine Auto Pilot System. All these have repeaters on the Flybridge. It also has a Digital CAT system so you can check propulsion units, generator, fuel system, water system, bilge alarm, fire alarm etc. The Bow and Stern Thrusters, along with the Yacht Controller make for stress free docking.

Making your way down stairs is the accommodation offering 3 cabins all with beautifully decorated marble ensuites. There is a Guest cabin with double Island bed, a 15" LCD TV with DVD & VCR. and port holes. The twin single cabin has a night table and port holes as well. The master cabin is set back midships which is the whole beam of the boat. It is spacious, has plenty of portholes offering great light in to the cabin, a sofa, drawers, desk, closet, lockers, a 17" LCD Screen DVD & VCR combo and a great large marble ensuite. Courtesy lighting is throughout the boat adding that extra little touch of finish to a boat of this grandeur. There is also a washing machine/dryer.

Entering the flybridge area via the built in steps, the helm is on the starboard side with once again, all electronics that you need at your fingertips. There is also a great sized lounge area, fridge and table for entertaining and a bbq. A 400kg Crane is located at the back for storing the tender.

Down below off the swim platform is the entrance to the Engine Room and Crew Quarters. Here you will find 2 single beds, a separate galley and head. Forward of this is the enormous engine room with plenty of space and good head height to service the engines.

Out on the bow is a 2000w electric anchor windlass with remote and deck operation. She has a stainless steel anchor and guards and deck wash.

'Kayoss' has just had all new clears and covers replaced both upon the flybridge and in the cockpit area offering great protection from the weather. She also has many other great features which we would be happy to chat about.

She cruises at approx 22 knots and has a max speed of 26 knots. She only has 480hrs on the engines.

This is definitely a luxury cruising boat ready to step on board and start enjoying.
