Description

The Apreamare 45 Comfort is a classic blend of Italian elegance and seaworthy performance. Launched in 2007, 'Caro Vita' captures Apreamare's signature style with her sweeping lines, warm timber finishes, and a layout designed for relaxed entertaining and effortless cruising.

This vessel has a top speed of 24 knots, and comfortably cruises in the 18-20 knot range, while also being extremely efficient and relaxed at lower displacement speeds of 10-11 knots. She's the only boat in this class that operates efficiently from 10 to 24 knots, holds 470 nautical miles of economy range on a standard tank with 20% reserve, and does it at well under half the price of comparable shaft-drive Australian boats. This dual nature capability is a key point of difference compared to the majority of planing cruisers which are typically designed to operate efficiently only at higher speeds and therefore consume significantly more fuel when doing so.

Thanks to the boat's weight, hull form, and aft planing fins, it has a very low centre of gravity and is exceptionally stable with minimal roll. This is evident both at anchor, such as in Sydney Harbour with side-on ferry wash, and offshore, including open-water passages like Pittwater to Lakes Entrance.

This boat represents exceptional value for a vessel that genuinely offers offshore capability, long-range low-speed efficiency, and the security of higher-speed passages when required. Comparable 42-45ft sedan cruisers that deliver a similar blend of seakeeping, stability, and cruising will typically sit at a much higher price point.

These features make this vessel a true dual-purpose cruiser that delivers both capability and value that will strongly resonate with someone who wants the flexibility without stepping into a far more expensive boat.

Inside, her spacious cockpit flows into the saloon, creating a welcoming hub for gatherings, while below deck the two cabins and two heads provide comfort and privacy for extended stays onboard. With reliable twin diesels, a fully equipped galley, and enduring craftsmanship throughout, this is a vessel that's as practical as she is stylish. Some of her key features include:

- Newly added stairs for easy access to aft cockpit
- Just antifouled Feb 2026
- Reliable twin Volvo Penta diesel engines
- 2-cabin, 2-head layout
- Meticulously maintained by her owner
