## Description

The Bavaria S29 Signature Edition elevates the dynamic S-Line concept with a curated package of factory-fitted upgrades that enhance styling, comfort, and onboard usability, while retaining the sporty performance and precision handling the S29 is known for.

Built on German engineering and intelligent design, the S29 SE is a confident, driver-focused sports cruiser that delivers excitement at the helm without compromising on comfort. Its athletic profile, responsive handling, and intuitive cockpit layout make it equally suited to high-speed cruising or relaxed days on the water with family and friends.

The Signature Edition enhances both exterior and interior experience with premium detailing throughout. On deck, the yacht features upgraded cockpit and sunpad upholstery in Silvertex, teak cockpit flooring, foredeck sunpad, bathing platform in teak, and a full exterior lighting package including underwater and ambient lighting. A cockpit refrigerator, Fusion Apollo audio system with cockpit and saloon control, and upgraded Silwy premium onboard accessories further enhance onboard comfort and entertainment.

Practical cruising capability is elevated with an electric windlass, anchor and chain package, bow thruster, trim tabs with electronic control, and an upgraded bathing platform for easy access to the water. A comprehensive suite of lighting and usability upgrades ensures the S29 SE is as functional as it is stylish.

Below deck, the interior features Nordic Oak joinery with Wenge accents and a refined flooring finish, complemented by ambient lighting and enhanced detailing. Comfort is further improved with cold foam mattresses with memory tops across all berths, creating a noticeably higher level of onboard rest and relaxation.

Entertainment and onboard control are upgraded with a Fusion Apollo MS-RA770 system, DAB+ radio, cockpit and saloon speakers, and remote cockpit control. Navigation and performance data are delivered via integrated multifunction displays with engine and fuel monitoring, tailored to both Volvo Penta and Mercruiser configurations.

With its blend of sporty performance, premium styling, and elevated onboard comfort, the Bavaria S29 SE delivers a more refined and complete expression of the S-Line philosophy.
