Description

After the Bavaria SR41, the Bavaria SR38 celebrated its world premiere in January 2022. Together with the BAVARIA development team, Italian designer Marco Casali drew up the sporty, elegant lines of the motor yacht, which measures 12.28 m long and 3.85 m wide and comes with a bathing platform as standard. Particularly striking are the sweeping hull shape, large window areas in the superstructure, and the generous spaces on the bow and stern.

"The Bavaria SR38 is the continuation of our new SR-LINE. The great success of the SR41 confirmed that we understand our customers' desires and can implement them successfully. With our new concepts, we offer a fresh approach to life on board while retaining all the advantages customers have always expected from a BAVARIA yacht. With the SR38, we have taken another step in the development of the SR-LINE, and customers will be impressed with the cleverly optimized solutions," explains Beate Wirtky, Product Manager BAVARIA YACHTS.

The SR38 demonstrates creativity in the design of the cockpit and superstructure, reflecting the fact that life on modern motor yachts primarily takes place on deck. In addition to the classic hardtop version, which can optionally be closed with a door, the SR38 is also available as an open version with a low windscreen. The hardtop can be converted into a stable Bimini with sunroof, or enjoyed as a fully Open Top, combining the comfort of a hardtop with the sporty appeal and handling of an open yacht, as Marco Casali explains.

The SR38 provides plenty of space on board, with an intelligent floor plan both above and below deck. Two generous cabins and a spacious lounge offer comfort and privacy for all guests. "When designing the SR38, we started with a blank sheet but with a clear vision of the advantages of a BAVARIA yacht and the key elements of the SR-LINE we wanted to reinterpret. The entire interior was recreated precisely as a model in our development studio, giving us a true sense of space alongside 3D computer models," says Norbert Leifeld, Product Manager responsible for the SR38 development.

Below deck, the SR38 offers spacious cabins with large beds, including a forward island bed (1.98 m × 1.37 m), and an aft cabin that can feature two single beds (2.00 m × 0.8 m) or one large bed (2.00 m × 2.00 m) with a separate 1.90 m chaise longue. Guests enjoy ahead with shower and glass door, while the interior layout is available as open or with a closed foreship cabin, allowing maximum flexibility for onboard living. On deck, the aft cockpit offers multiple seating and sunbathing options, a large L- or U-shaped seating area, and a spacious wet bar, making entertaining with family and friends effortless. A high-functional helmstand, co-driver seat, and sunbathing area ensure comfortable control, while handrails and high railing across the entire yacht provide maximum safety.

With its combination of sporty lines, clever layouts, and generous living spaces, the Bavaria SR38 is ideal for those seeking fun, relaxation, and comfort on the water.

As the Australian dealer for Bavaria Yachts, Sydney Marine Brokerage can guide you through layout options, equipment packages, and delivery timelines. Contact us today to learn more about the SR38 and explore the full Bavaria range.
