Description

Clipper are renowned for their great build. They are made from a hand laid fiberglass construction and have a reputation for being solid and strong vessels. 'Perchance' has a semi-displacement hull, with hard chine and a full keel, making this boat exceptionally seaworthy.

These boats are a very family friendly vessel, offering large undercover walk around decks with high rails for additional safety, and ease of access around the boat. This Clipper also has two fully equipped helm stations along with Captain's door to the lower helm station which allows for easier docking scenarios.

A cockpit offers a good sized area to relax and enjoy an alfresco lifestyle. The bow can also accommodate someone wanting to sit upfront and enjoy the scenery. The flybridge has a good sized bench seat alongside the helm station and a huge aft area for sunbathing or socialising or storing the tender.

Inside the boat you will be greeted by outstanding teak furnishings and a teak floor that looks as good today as it did when it came out the factory, thanks to a custom insulated carpet that also deadens the sounds of the engine and genset when running. Port side L shape galley with Corian benchtops, 2 burner electric cooktop, twin Stainless Steel sinks with mixer tap, convection microwave and fridge, everything you need to cater for any extended period onboard. There is a long bench seat to the rear to allow you to sit and socialise inside while someone is preparing food and also converts to a single bed. Forward to Port is a dinette seating area which also converts to a small DBL bed, more targeted for children.

Forward you will be welcomed into the master suite offering a queen island bed, plenty of storage and the bathroom.
- Cummins 220HP Diesel
- Vetus Bow thruster
- Onan Genset with 410hrs
- Raymarine Electronics
- Master with island Queen bed
- Anti fouled Feb 2025
- Inflatable tender 8ft with mercury 3Hp outboard (Needs servicing)
