Description

Welcome aboard 'Drifter III'. This beautiful classic cruiser has had the one owner since new. She has been regularly serviced and is maintained by a licensed and well known marine surveyor giving you peace of mind that she is in excellent condition.

Clipper are known for their great build. They are made from hand laid fiberglass construction and are a very solid and strong vessel. Drifter III has a semi-displacement hull, with hard chine and a full keel, making this boat exceptionally sea worthy.

'Drifter III' is a very family friendly vessel, offering large undercover walk around decks with high rails to keep the little ones in, and ease of access around the boat in. This Clipper also offers 2 fully equipped helm stations. A side door to the main station at the lower helm is a great advantage when docking. The Helm Stations are fitted with Raymarine Instruments and an Icom VHF Radio.

The cockpit offers a great sized area to relax and enjoy the fresh air with family & friends. The bow also has an area where you can sit and watch the world go by as you cruise the waterways. Up on the flybridge is a large seating area alongside the helm station and a huge aft area for socialising and enjoying the sunshine.

Inside the boat you will be greeted by the outstanding finishes of the quality teak furnishings. To port there is a galley with all the essentials. Opposite is a long seating area which converts to a double bed. This is a great social area. Further forward to Port is a dinette seating area which converts to a bed as well. Opposite on the starboard side is the helm station, with side access to the deck.

Head down just a few steps and you will be welcomed into the master suite. Here you will find a gorgeous queen island bed and ensuite bathroom with plenty of storage areas.

'Drifter III' is a Classic Cruiser that was built well beyond her years.

We look forward to introducing this beautiful Cruiser to you.

Please call Cathy or any of the team at Sydney Marine Brokerage for more information and/or to organize a viewing.
