Description

If you are looking for a spacious Blue water cruiser then Synergy is well worth viewing. The first thing you will notice is the spacious cockpit, offering plenty of wide bench seating to comfortably suit 8 adults, the area is virtually free of sheets and lines and with the integrated arch you can see the designers vision to make this area double as an entertaining space.

Another noticeable feature is the access stairway is on a shallower angle than most yachts but doesn't impose on the interior space, allowing an easier access to the inside, where you are greeted by a voluminous interior starting with the full beam Aft Master cabin with ensuite, a spacious galley with plenty of room for food preparation and large saloon dining area leading to the forward DBL and second head.
