Description

The new ITA 14.99 is truly an Italian Masterpiece, having recently won Multihull of the year by Voile Magazine 2020 and being nominated Multihull of the year in 2018, this impressive new vessel is definitely one to consider.

The brief was simple: Design a Blue Water Cruising Catamaran that can be sailed short or even single handed emphasising the 'Made in Italy' Slogan, with marked sailing performance.

Equipped with a generous sail area, dagger boards (1.15m/2.30m) and built in Epoxy with Carbon reinforcing the ITA 14.99 really is in a class of her own.

Australia and her vast distances, shallow depths and nearby pacific islands can now be easily conquered in pure comfort, speed and luxury.

Elegance, Comfort, Sportiness. Three different souls for an innovative hull, conveyed by elegant and dynamic lines.

A work of high naval engineering, born from the vision to combine Italian elegance and attention to detail with the best and most advanced international technology. 14.99 is the first project created by ITACATAMARANS: a multihull of excellence, technologically sophisticated, safe and comfortable, redefining the world of catamarans.

For more information on the Ita Catamarans, or to organise a viewing, please contact our team, we look forward to introducing you to this amazing vessel.

Features

Designer	François Perus and Yacht Design Collective
Builder	ITACATAMARANS
