Description

Siesta a 1993 Riviera 27 Flybridge was fully refurbished in 2020 and is the only one of its kind on the market.

The Riviera 27 Flybridge is surprisingly spacious and roomy. A recent upgrade during the refurb was the addition of the rear swim platform complete with a Stainless steel bar for the BBQ, bait board and tender mount. Siesta has a massive aft deck, great for fishing or entertaining with the option to erect the full custom made sun cover offering great protection from the sun. The flybridge accessed by a wooden ladder offers additional seating for driver and passengers to interact underway.

Inside the salon has a large L shaped lounge with a wooden dining table, fridge/freezer, second helm station. The kitchen has a new stone benchtop with 2 burner electric cooktop, microwave and plenty of storage.

Down on the lower level you have the cabin with a large double bed and ensuite.

In addition there was a full motor rebuild, new transom shields, new bravo three sterndrive, the engine bay was coated with new paint before putting the reconditioned engine back in again, with all new wiring & batteries, new transducer, sounder with Chartplotter, new Fusion stereo system with light-up speakers and subwoofer, all new LED light throughout, new stainless tower with rod holders, fittings, bow rail, aft rails. Antifoul and leg service has just been carried out in Jan 2023.

Siesta really is one of a kind. For further information or to organise a viewing, please contact the team at SMB today.

Features

Designer	Riviera
Builder	Riviera
Water (Potable) Capacity (l)	210
Hull Construction Material	GRP
Hull Type	Mono
