Built with Huon Pine planks and spotted gum ribs, Southwinds holds a significant role in English design pedigree as well as Australia's yachting history.

Designed by Sir Robert Clarke and launched in 1950, she would have been one of the fastest and largest yachts in Sydney Harbour at that time. She has competed in the Sydney to Hobart yacht race and had many notable owners.

Her large windows, expansive decks and rich timbers create a spacious and elegant atmosphere for onboard guests.

Now it's your chance to admire the beauty of Sydney Harbour with a glass of champagne, family, friends and colleagues while sailing amongst some of Australia's most treasured and historic sights.

Southwinds is available for private day/week-charter, luxury cruises and small corporate events along the Northern Beaches.
